

Hannah's song

the first time I met you, you were running towards me
and the thing that struck me most was how your soul showed easily
through your smile and your eyes with your heart free of disguise
and I wished that I could find a way to make you make your soul stay

'course the world will for sure try to make you see
all the ways that one can live to disconnect ones soul and flee
as far away from the way that you are now
which is what they want from you, 'course it's the only way they'll ever know

but you, my dear, you can do whatever you want to do
my dear, so you better start to think free

take your time with the things that you'll decide
but be aware that there is no need to hide
anything at all, course nothing can go wrong
and if someone says it could, it only shows you, that he's not as strong as you

course you, my dear, you can do whatever you want to do

you are at a point where you got to make a choice
it might be the first real one you do, 'course it'll show you that you're you, my dear

you, my dear, you can do whatever you want to do
